

PLASTICS OPERATIONS QUALITY POLICY

With the dedication of all employees, we as a company constantly strive to exceed our customer expectations through world class customer service, outstanding quality, and continuous improvements.

Automated Packaging Systems has established, documented, and implemented a Quality Management System (QMS) that complies with and exceeds ISO 9001 and other customer requirements.

Our products and services provide a significant value to our customers. We are continually improving the effectiveness of our Quality Management System (QMS) through anticipating changes in our business, understanding the needs of our customers, and responding to opportunities for improvement.

Our quality objectives are the foundation of our performance metrics from which the effectiveness of the Quality Management System (QMS) is communicated throughout the organization.
